# Changes

## To some of the regulations at the studio:

- Please register and pay in advance for all classes through Amilia.com. We want to limit payments in person as much as possible.
- Please respect the class time for arrival at the studio - no more than 5 minutes in advance - to avoid crossing between students.
- The lobby will be closed - parents will have to drop off their children and wait for them outside the studio (at a distance of 2 meters from the other parents).  
Exception : One parent can come into the lobby to bring/pick up children 7 and under unless child is comfortable being dropped off. Mask mandatory.
- Spaces of 6 feet x 6 feet are marked on the floor in each studio in order to respect the physical distance between dancers.

## Changes continued...

- We installed disinfecting stations at the entrance of the studio lobby, in front of each dance studio and in front of each washroom.
- Plexiglass has been installed around the reception desk.
- We will adapt the exercises and choreographies to avoid floor work.
- We will not use any fans in the studios. The air conditioning will be turned on in case of heat.
- The light switches will always remain on, even in the washrooms, to prevent people from needing to touch them.

# Cleaning

- Washrooms : dancers aged 12 and over will be responsible for washing, with a disinfectant, the tap and the handles of the toilet after each use. A responsible adult will take care of it for children under 12 years old.
- We will clean and disinfect, every hour, frequently touched surfaces (door handles, sinks, ballet bars, etc.)
- We will clean and disinfect the dance floors, toilets and all other objects in the common areas daily.

**Please note that this document will continue to be adjusted/  
modified as needed.**
